Solutions For a New Economy

Paper-based procurement processes are not only slow and expensive, but create barriers to enforcing purchasing policy. Unfortunately, the cost of a professional grade spend management solution is beyond the reach of many corporate budgets, **until now.**

WorldERP™ delivers professional grade enterprise spend management in a cloud based Software as a Service (SaaS) solution **without cost or obligation**.

COMPELLING ADVANTAGES FOR THE VENDOR

There are many quantifiable benefits of participating in the WorldERP™ Network that result in improved sales with less cost :

• **No acquisition cost:** Sign up online for Department or Enterprise.

• **Reduced implementation time:** Up & Running in as little as 24hrs. with little or no I.T. involvement.

• **No annual maintenance fees:** No charge for software updates!

• **No hardware to purchase:** Mission critical cloud based platform certified SAS70 Type II, HIPAA, PCI

• **Seamless Integration:** APIs allow integration with ERP or other business productivity systems.

• **Dynamic Budget Management:** Helps guard against overspend and maximizes use of Grants funding.

• **Reduced overall training costs:** Acts as front-end for ERP & Financial Accounting Systems.

• **Increased user satisfaction:** Easy to use, wizard driven, Amazon.com like interfaces.

Faster, more effective ways to sell.

The WorldERP™ Network is a cloud-based network that connects customers and vendors using a Software-as-a-Service (SaaS) web based e-commerce platform, and can easily extend virtually any back-end system for business commerce collaboration.
